PROFESSIONAL SUMMARY

Frontend Developer with 1 year+ of experience creating responsive, accessible, and user-focused web applications. Proficient in **React.js**, **JavaScript**, **HTML5**, **CSS3**, and **Bootstrap**. Skilled in building dynamic interfaces, integrating RESTful APIs, and ensuring mobile-first, cross-browser compatibility. Familiar with backend concepts using **PHP (Laravel)** and collaborative development tools like **Git** and **Jira**. Committed to writing clean, maintainable code and continuously improving UI/UX performance.

EDUCATION

CGPA : 7.0	Bachelor of Engineering, Computer Science, RGPV University Bhopal (MP)
Percent : 73.4	Higher Secondary School ,Board of secondary Education Bhopal (MP)
Percent : 90.16	High School, Board of Secondary Education Bhopal (MP)

EXPERIENCE

Frontend Developer | Manmade Cycle Australia | Remote **July/2024 - present**

- **Project name: Buyback Platform - buyback.manmadecycle.com.au , manmadecycle.com.au**

Built a custom buyback system for refurbished laptops and iPhones, enabling users to get instant quotes and complete trade-ins online.

Tech: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, GitHub, Jira

- Developed responsive user interfaces using React.js, HTML5, CSS3, and Bootstrap, **improving page speed by 30% and increasing mobile engagement by 20%**
- Implemented interactive UI features and asynchronous data handling using **JavaScript** and **AJAX**
- Collaborated with UX/UI teams to transform Figma designs into pixel-perfect web pages
- Integrated RESTful APIs to fetch and display dynamic content from backend services
- Ensured consistent styling and performance across modern browsers and mobile devices
- Used **Git** for version control and collaborated with team members through **Jira**
- Worked alongside backend developers to support Laravel-based features and resolve integration issues

- **Project name: Furloop – Refurbished Electronics Store - furloop.io**

Developed a sustainable e-commerce site for refurbished Apple devices with full admin control and user dashboard.

Tech: React.js, JavaScript, HTML5, CSS3, Bootstrap, REST API

- Developed a responsive and mobile-friendly frontend interface using **React.js**, **Bootstrap**, and **CSS3**
- Built key e-commerce features like product filtering and checkout, **resulting in 25% faster checkout time and smoother UX flow**
- Integrated frontend components with backend services via **RESTful APIs** for real-time product and order data
- Collaborated with design team to implement UI/UX based on mockups and wireframes
- Ensured **cross-browser compatibility** and optimized performance for fast load times
- Deployed updates and tested frontend functionality across staging and production environments

TECHNICAL SKILLS AND TOOLS

- Frontend : React.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind, TypeScript, Next.js
- Backend : PHP (Laravel), MySQL
- Tools : Git, GitHub, Jira, VS Code, CI/CD (basic), Accessibility (WCAG)
- Others : REST APIs, Responsive Design, Cross-browser Testing, Unit Testing (Jest, Cypress)

PROFESSIONAL SKILLS

- Team Collaboration
- Agile Development
- Problem Solving
- Client Communication
- Time Management

LANGUAGES KNOWN

- English (Fluent)
- Hindi (Native)

ACHIEVEMENTS

- Industrial Training on Cloud Computing (IaaS, PaaS, SaaS) with AWS at Appin Technology.
- Increased user retention by 15% through performance optimizations and intuitive UX in React-based applications
